blinkit Sales Analysis

BUSINESS REQUIREMENTS • EXCEL DASHBOARD PROJECT

1. Business Requirement

To conduct a comprehensive analysis of Blinkit's sales performance, customer satisfaction, and inventory distribution to identify key insights and opportunities for optimization using KPIs and visualizations in Excel.

2. KPI Requirements

KPI	Requirement
Total Sales	The overall revenue generated from all items sold.
Average Sales	The average revenue per sale/item, according to the dataset's definition.
Number of Items	The total count of items sold.
Average Rating	The average customer rating for items sold.

3. Chart Requirements

1. Total Sales by Fat Content

Objective: Analyze the impact of fat content on total sales.

Chart type: Donut chart.

2. Total Sales by Item Type

Objective: Identify the performance of different item types in terms of total sales.

Chart type: Bar chart.

3. Fat Content by Outlet for Total Sales

Objective: Compare total sales across outlets segmented by fat content.

Chart type: Stacked bar chart.

4. Total Sales by Outlet Establishment

Objective: Evaluate how outlet establishment year relates to total sales.

Chart type: Line chart.

5. Sales by Outlet Size

Objective: Analyze the relationship between outlet size and total sales.

Chart type: Donut / pie chart.

6. Sales by Outlet Location

Objective: Assess the geographic distribution of sales across different locations.

Chart type: Funnel map (as shown in the reference).

7. All Metrics by Outlet Type

Objective: Show Total Sales, Average Sales, Number of Items and Average Rating by outlet type.

Chart type: Matrix / table.

4. Dashboard Filters

Use slicers/filters for Outlet Size, Outlet Location Type and Item Type. Confirm that KPI cards and relevant charts respond correctly when a filter is selected.

5. Final Validation Checklist

- ■ Verify all KPI formulas against the cleaned dataset.
- ■ Confirm sales are aggregated using the intended calculation.
- ■ Check chart titles, axis labels, number formats and readability.
- ■ Test every slicer and confirm connected PivotTables/charts update.
- ■ Record insights only after checking actual results; do not invent findings.

Style note: This document uses a clean yellow, dark grey and green palette inspired by the reference slides. It preserves the requirements visible in the provided images and formats them as a practical project brief.
